

You must be at least 18 years old to apply and you cannot be related to a Mountainlands employee.

MCHC BOARD SUMMARY

Mountainlands Community Health Center (MCHC) is a 501(c)(3) non-profit corporation providing primary medical care to the low-income and underserved of Utah and Uintah Counties. MCHC is governed by a Board of Directors whose purpose is to provide leadership, oversight, and strategic direction for the organization and to assist the management team. The Board is made up of 9 - 25 members, at least 51% of which are consumer/patient representatives. The term of each Board member is 3 years. Board members are made up of two classifications:

Consumer Board members are the people who actually utilize the facility and can provide insight and understanding from a user perspective.

Community Board members are those individuals who are not users of the facility, but who can bring a perspective from the community as well as expertise in various business disciplines.

The Board meets at MCHC-Provo the third Tuesday of each month beginning at 4:30 p.m.

The Board functions with members participating in organized committees which consist of:

1. Executive Committee
2. Finance Committee
3. Membership/Personnel Committee
4. Strategic Planning Committee

These committees usually meet monthly in a separate meeting to discuss issues in more depth and bring recommendations to the full Board.

The Executive Committee is the “leadership team” of the Board. They review governing issues that pertain to MCHC. They direct what information is presented to the full Board for agreement, discussion, and voting.

The purpose of the Finance Committee is to review in detail the monthly operating financial reports in order to monitor financial stability and viability. They look for problems/successes in performance and also review the yearly operating budget.

The Membership/Personnel Committee recommends future Board and Committee members. They also review personnel policy changes recommended by the Executive Director.

The Strategic Planning Committee takes responsibility for future development projects for Mountainlands Community Health Center.

MCHC provides a small stipend to consumer members of the Board.

Being a member of the Board is an opportunity to represent and serve your community with an organization providing a very important and needed service.
